

Chall Name: King of Stego

Solution:

Checking the txt file given , there are some spaces while opening it but it is not zero width steganography

Reading the chall contents , it says **I love programming languages and my password is cloak.**

There are 2 big clues here ,

1. Programming Languages
2. Cloak

Programming Language that's best for Stego is **Javascript**

So searching this in google , will lead you to **Stegcloak**

Going to this website for solving it

Link: <https://stegcloak.surge.sh/>

Providing the necessary things and the password **cloak** will give you the flag!!

Flag: **TamilCTF{okayyoufoundmelol}**
